## Custom Bow Equipment

A Division of Scott Archery Mfg.

2008 PRODUCT BROCHURE

CBE-QL3D

### Quad Lite 3D

The Quad Lite 3D is an innovative sight that features:

- Precision 1-7/8" travel adjustment
- Stainless steel, quad-pitch lead screw for fast, smooth adjustment
- Infinitely adjustable elevation with locking system
- Scope leveling unit with dual locking screws
- Micro-adjust windage unit with .004 clicks
- Accurate visual positioning with .010 incremental adjustment
- Black anodized finish with clear anodized components
- Optional 3rd axis attachment available

CBE-QLT

### Quad Lite Target

This sight features the same precision innovation as the Quad Lite 3D, but offers a 3" travel adjustment for target shooting.

CBE-TH3

### Tek-Hunter-3

The Tek-Hunter-3 is a lightweight, compact sight that is extremely versatile, and can be used for hunting and target shooting. This sight features:

- CBE's patented, rapid-drive elevation system
- Ergonomic, four-arm adjustment knob with elevation lock
- Scope leveling unit with dual locking screws
- Visual positioning windage unit with locking screw
- Black anodized finish
- Optional micro-adjust windage unit available

CBE-TH3C

### Tek-Hunter-3 with Multi-Pin Aperture Combo

This sight offers the same innovative performance features as the Tek-Hunter-3, and includes the Multi-Pin Aperture. The TH3C also includes the Light Kit (LMK).

CBE-SCO

### CBE Scope with Lens

The CBE Scope offers the ultimate in precision accuracy and includes these features:

- Machined aluminum housing with black anodized finish
- Large 1-5/8" view with cut-out windows for excellent pin visibility
- Red or green fiber-optic pin in .010, .019, and .029 sizes
- Pin can be used from the bottom, side, or top
- Lenses available in 2x, 3x, 4x, 5x, 6x, and 8x
- Threaded retainer ring for easy lens removal

The CBE Scope Housing and Flat Glass Lens are also sold separately.

CBE-SCH

### CBE Scope Housing

Same features as the CBE Scope, but does not include the lens.

CBE-FLN

### Flat Glass Lens

- Crystal-clear, flat lens with limited distortion
- 99.5% light transmission
- Five layers of anti-reflective coating
- Available in 2x, 3x, 4x, 5x, 6x, and 8x

CBE-SSR

### Scope Sunshield Ring

The Scope Sunshield Ring is a threaded, lens-retainer ring designed to reduce excess light entering the scope housing.

CBE-MPA

### Multi-Pin Aperture

The Multi-Pin Aperture features:

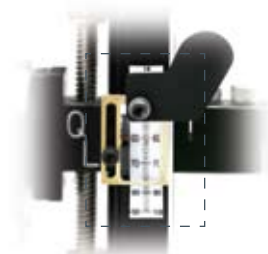

- Machined aluminum housing
- Large, 1-5/8" view
- Large, highly-visible level
- One .029 and three .019 pins
- Red, green, and yellow fiber-optic pins
- Pins available in .019 or .029
- Black anodized finish

CBE-MAW

### Micro-Adjustable Windage Unit

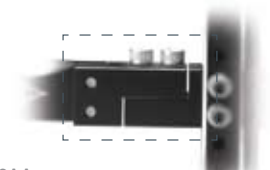

Micro-adjust windage unit with .004 clicks and locking system.

CBE-STM

### Sight Tape Magnifier with Guard

The Sight Tape Magnifier allows for more precise sight settings. It features very fine visible lines, and a removable sight tape guard.

CBE-3AA

### 3rd Axis Attachment

Optional 3rd Axis Attachment for quick and easy leveling of the Quad-Lite Sight.

CBE-QMB

### Dove-Tail Sight Block for Quiver Mount

The Dove-Tail Sight Block is designed for use with a sight-mounted quiver bracket on the Tek-Hunter-3.

CBE-LMK

### Sight Light with T-H-3 Mounting Kit

Extremely bright, LED sight light with mounting hardware for the Tek-Hunter-3 Sight.

CBE-SCV

### Waterproof Scope Cover

The Waterproof Scope Cover is designed to protect the CBE Scope or the Multi-Pin Aperture.
